11. Answers will vary but should indicate the following: *Unlike many of the other characters who seem to argue and be intentionally unhelpful and hostile, the Cheshire Cat is friendlier and helpful. First, the Cat is always grinning, which is a sign of friendliness. Additionally, the Cat is willing to engage in a pleasant conversation. The Cat provides Alice with useful information regarding the Mad Hatter and the March Hare. It is also the first character that lets Alice know that everyone in Wonderland is mad.*
12. Answers will vary but should indicate the following: *The climax is when the Duchess throws the baby at Alice, and she catches it. Nearly all the action leading up to this point shows the increasingly hostile and crazy atmosphere inside the house. The Duchess screams at the baby and shakes it violently; the cook throws things at both the Duchess and the baby. Alice fears for the safety of the baby. Once she catches it, she takes it outside to safety, resolving the climax.*
