6. **Extended Response:** Have the student write (or dictate) one way comets and satellites are the same and one way they are different.

Instructions: Sit next to the student and read the first question as you run your finger under the words. Ask the student to wait to answer until you have read all the choices. Repeat them if necessary. Have the student choose the best answer. Repeat with the remaining questions.

Quick Check Answer Sheet

Space

Main Comprehension Skill: Main Idea and Details

1. Ⓑ *Main Idea and Details*
2. Ⓑ *Make Inferences / Draw Conclusions*
3. Ⓑ *Main Idea and Details*
4. Ⓐ *Fact or Opinion*
5. Ⓐ *Vocabulary*
6. Answers will vary. Example:
Comets and satellites are the same because they are both in space. They are different because satellites are put in space by people and comets are not.

Instructions: Sit next to the student and read the first question as you run your finger under the words. Ask the student to wait to answer until you have read all the choices. Repeat them if necessary. Have the student choose the best answer. Repeat with the remaining questions.
