Ants swarm food
left on the floor.

Ants Everywhere!

You can find ants in lots
of different places.

You can find them in the grass
and dirt in your yard.

You can find them on trees and
in your home.

What Do Ants Look Like?

Ants are insects.

Their bodies have three parts,
and they have six strong legs.

Ants can be different colors.
They can be black, brown,
red, green, or yellow.
Ants have two antennae
that they use to touch and smell.

Ants can be tiny or large.
Some big ants are as
large as a paper clip.
Ants are very strong
for their size.

A very big ant

A very small ant

Some ants have large, strong jaws.
They use their jaws to cut food and to fight.

Groups of Ants

Most ants build nests under or on top of the ground.

Different ants in the nest
have different jobs.
The queen ant lays
all the eggs.

eggs

Some worker ants take care of
the eggs and baby ants.
Some worker ants get food.
Soldier ants guard the nest.

Watching Ants

Ants are amazing animals.
You can have fun
watching ants at work.
