

What do you think
the author wanted
you to remember after
reading this book?

Main Idea and Details

What keeps rain from
falling in some deserts
right next to oceans
in the subtropical zone?

Cause and Effect

Do you think the weather
is the same in places on the
globe that have the same
latitude as your home?
Explain.

Analyze

*The Nile River is very
important to the people
of Egypt.*

Is this statement a fact
or an opinion?
How do you know?

Fact or Opinion

Why do you think people
continue to live in a harsh
climate like that of Riyadh,
Saudi Arabia, where there
is no natural water source?

Evaluate

What did the author mean
on page 4 when she said,
“Bring plenty of water—
you’re going to need it!”?
