

Name _____

Instructions: Choose two hibernating animals from the book and write the name of one animal in each circle. Where the circles overlap, list things that are the same about the two animals. Write things that are different about the two animals where the circles are separate. Then, in the spaces below, write two sentences, one naming a way the two animals are the same, and one naming a way in which the two animals are different.

SAME: _____

DIFFERENT: _____

Name _____

Instructions: Read each sentence and circle all the nouns.

1. A hibernating animal can sleep for many days.
2. Food is hard to find in the winter.
